MINI CRESCENT LAMP

A miniature version of the popular Crescent Light, this illuminated sphere is sliced asymmetrically in half to reveal a crescent-shaped brushed brass fascia. Mini Crescent seamlessly combines the solid and the opaque.

Melt Pendant

When the lights are off, they are opaque "metal balls."

When the luminaire is turned on, the cosmic chandelier is translucent, and the light is reflected around the uneven surface, creating a huge molten glass effect and psychedelic effect in the surrounding environment, and the eye shines very well.
